F.T.A.O. Mr Terry Haydon

Dear Terry

Cathedral Place Office Refurbishment

Following completion of our latest office fit-out/refurbishment undertaken by your company at the ground and first floor offices at Cathedral Place, I write to congratulate your company upon a most successful contract which followed the completion of the initial refurbishment of the second floor at the same office building approximately 18 months previously. We are all most delighted with the outcome of the contract which has provided us with a splendid office environment reception area, which is regularly commented upon by those visiting the offices.

I am also pleased that as a result of visiting our offices and being impressed with the quality of work, I was able to successfully recommend one of our clients to your company for whom I believe you have also undertaken a successful office refurbishment.

Yours sincerely

STEPHEN CHANDLER
